PEX-A 92000 Series Plumbing Pipe Non Barrier

The AquaSeal Pex-A pipes are produced from special HMW-HDPE resins. The crosslinking is performed (peroxide method) during the production process, resulting in irreversible cross-links between adjacent P.E. chains. The crosslinking process renders the pipe improved mechanical process such as; resistance to corrosion and pressure at high temperature, exceptional high abrasion and superb chemical resistance, and excellent longevity at high temperatures.

Pex-A pipes are compatible with the following connection systems; F1960, 2080, 2159, 1807

Product is uncoated in Natural, Red and Blue colors.

Covered by a twenty-five year manufacturers warranty.

Technical Data		Value	Unit	Test Standard	Manufacturing Standards	
Density		938	kg/m ³	ASTM F-876	ASTM	F-876 / F-877
Impact Strength (at 20°C) (at 100°C)		No Failure No Failure	KJ/m ² KJ/m ²	DIN 53453	ASTM	E-84 FLAME SPREAD
Elongation at break (at 20°C) (at 100°C)		350-550 500-700	%	DIN 53455	ASTM	5106 CHLORINE / UV
